

Superintendent Grile stated that the Board has approved the building of two new elementary schools - one located in the northeast and the other in the northwest. Because the architects are working on the plans and official reports are being made to the state, it was recommended these two schools be named. A motion was made by Thomas S. Teetor, seconded by W. Lloyd Bridges, that the school located in the northeast section in St. Joseph Township be named Arlington Elementary School because of the close proximity to Arlington Heights Addition. The statement was made that the last time schools were named there was a long discussion on the names proposed for the schools. It was stated that in the past it has been the general policy to name schools according to established neighborhoods if possible. Roll Call: Ayes, unanimous; naves, none.

W. Lloyd Bridges stated that since there had been an elementary school in Washington Township named Lincoln Elementary School he would like to make a motion to name the new elementary school in Washington Township the Lincoln Elementary School. Martin P. Torborg seconded the motion. Roll Call: Ayes, unanimous; naves, none.
