**Math:**

We have completed Bundle 1 (ways to read and write numbers, comparing numbers, rounding). Students will begin working on Bundle 2 (adding and subtracting to solve real world problems). Please practice addition and subtraction facts (0-20) at home to help your student be more successful in class.

**Spanish:**

We will be building our vocabulary to support our work in math and science. We will also begin reading books in Spanish that go along with our Sound unit.

**Science:**

We will be following the scientific method to learn about sound: how it travels and changes. We are spending more time focusing on Science, but will catch up on Social Studies and Health between science units/kits.

**Social Studies:**

Three types of communities (urban, suburban, rural)

**Health:**

We will be studying body systems (skeletal, muscular, nervous).

**Classroom News:**

We are off to a great start!! Both classes have already filled their **Brownie Point** bucket and received the first treats of the year. Students earn brownie points by being **respectful, responsible, safe**, and going above expectations. Please contact me if you have any questions/concerns regarding treats or are interested in supplying a class treat.

**Magnificent Monday is now Fabulous**

**Friday!** Students will be able to jeans on Friday if they were on yellow, green, blue, or purple all week.

**Dismissal Changes** – To change the way your child will be leaving school, you must call the office *before* 1:30. Calling early gives the office time to make the necessary adjustments and let all classrooms know of the changes. No calls that come after the 1:30 cut off will change the dismissal path for a student. If a phone call does not work for you, paper notes given to the teacher or office in the morning are also acceptable.

**Birthday Wishes:**

iFeliz cumpleaños a nuestros amigos!
