If no color is marked, your child ended the day on green which is GREAT!

Classroom News:

Our year has gotten off to a great start! The students are adjusting well to the routines and the heat! Please make sure all transportation changes are called in before 1:30. We are unable to honor those called in after 1:30. Please make sure your child is in uniform but dressed for the weather! Our school tends to be warm even in the winter months so have your child dress in layers. (Once the weather cools off!)

Math: In math we will begin working on subtraction concepts. We will learn to subtract and understand when we need to subtract in order to problem solve. We will also begin our study of different addition strategies.

Spanish: We will continue to learn to recognize words and read short sentences in Spanish. These sentences will then form short stories! They are learning different songs as well! Every day the students are understanding more and more. They are participating often, answering in complete sentences!

Science/Health: In science we are studying soils! The students are observing and comparing different soils. They are discovering what soil is composed of and what these components do for the soil and our earth. In health will be learning about taking care of your body and about how to care for your teeth.

Birthday Wishes:
